

2021 Sport scooters

**NOTHING BUT THE
MAX**

MAX

You belong to the MAX

Yamaha created the Sport Scooter segment and totally changed the landscape of the powered two wheel market with the introduction of the first generation of TMAX back in 2001. Since then Yamaha's Sport Scooter range has continuously evolved, and today the MAX brand is the most successful line-up in Europe's extremely competitive market.

Today's range is headed by the latest generation TMAX, Yamaha's iconic high

performance model that has achieved a total of almost 300,000 sales during its 20 year history, confirming its status as Europe's most popular and successful Sport Scooter of all time.

With a sporty and dynamic design that is inspired directly by the trend-setting TMAX, the best-selling XMAX Sport Scooters deliver the ultimate blend of thrilling performance, premium features and finishing and daily functionalities.

Featuring pure MAX DNA, the TMAX and XMAX models have transformed the market place since their arrival, and brought new levels of performance, fashion and style to the streets of Europe. Now firmly established as the definitive Sport Scooters, these models deliver Nothing but the MAX.

TMAX Tech MAX

€ XXXX,XX

If you appreciate the real value of advanced technology, innovative design and outstanding quality, TMAX Tech MAX is your ultimate sport scooter. Its best-in-class specification includes an electric screen, cruise control and heated grips and seat – plus connectivity with My TMAX Connect.

This fully-equipped premium model comes with a new 560cc engine that produces higher levels of torque for outstanding acceleration and a high cruising speed, making this an ideal choice if you do a lot of long distance highway riding. And with its lightweight chassis it's ideal for navigating through the busy city streets.

The aggressive new bodywork features integrated LED lights and a restyled front fairing that gives the TMAX Tech MAX an imposing look that gets you noticed – and with its enhanced ergonomics and additional equipment, longer trips are something to look forward to.

TMAX Tech MAX

*Customers will be able to access the "My TMAX Connect" service through a subscription

FACTORY
WARRANTY

Powerful 560cc EURO5 compliant engine

TMAX Tech MAX is quicker, sportier and more dynamic thanks to its larger 560cc EURO5-compliant engine that goes, feels and sounds better than ever. With over 6% more torque you'll experience even quicker acceleration – and with its special balancer mechanism this lightweight 2-cylinder engine is one of the smoothest and most compact in the category.

Dynamic and aggressive body design

TMAX Tech MAX comes with a more aggressive look that reinforces its iconic status as Europe's leading sport scooter. Body panels including a redesigned 'boomerang' side sections give a more dynamic and refined appearance – and the super sporty rear end features a new T-shaped taillight and lightweight side covers with vents.

Electric screen

If you want a premium sport scooter with the highest specification in the category the TMAX Tech MAX is the clear choice. One of the most significant comfort-enhancing features is the exclusive electric screen that can be adjusted by 135mm up or down, enabling you to select the optimum setting for maximum comfort on the highway and around town.

Cruise control

No other sport scooter can match the fully-equipped TMAX Tech MAX. With its more powerful 560cc engine and first class ergonomics this is the perfect machine for long distance rides – and for added comfort and enjoyment, cruise control is fitted as standard. Operating above 50 km/h, it can also help you to ride within the prevailing speed limits.

Heated grips and seat

Even on a fairly mild day it's surprising how wind chill can affect you – especially when you're riding at higher speeds. But with the TMAX Tech MAX you can stay warm and comfortable on every journey whatever the weather thanks to the heated grips and heated seat that make every ride more enjoyable.

Improved ground accessibility

Revised ergonomics ensure even higher levels of riding comfort, and the newly designed footboards give improved ground accessibility for the rider and passenger. New body panels give the TMAX Tech MAX a sportier and more dynamic feel – and the slimmer rear section offers easier access to the passenger footrests for a more relaxed and enjoyable ride.

Integrated LED front flashers

The compact LED front flashers are fully integrated into the restyled panels to give a lighter and more agile feel – and a unique 'T' shaped LED rear light let's everyone know that the TMAX Tech MAX is still in front!

Fully-equipped with best-in-class specification

The TMAX Tech MAX comes with a best-in-class specification. My TMAX connect gives you full control with a GPS tracking system for added security – and the cruise control takes the strain on long journeys. And with its electric screen, heated grips and heated seat, this fully-equipped premium sport scooter is built to be ridden throughout the year.

My TMAX Connect: Remote connectivity

TMAX Tech MAX riders are the first Yamaha owners to enter a completely connected world, through a partnership with Vodafone Automotive. A world where connected vehicles are changing the way we live, and work.

Using an embedded telematics system, TMAX riders can remotely manage their scooter and keep it secure with a dedicated mobile application: My TMAX Connect.

The APP gives riders access to a bike tracker, so they can locate their TMAX at any time and if the bike is moved while the engine is off, the rider receives an alert, straight to their mobile phone!

In case of vehicle theft, the telematics system send an alert to the Vodafone Automotive Secure Operating Centre which activates the tracking procedure, follows the vehicle movements in real time and supports local police authorities for its recovery. The service is available 24/7 in 44 European countries, in your own language, even if you are abroad.

The "My TMAX Connect" service is available on the TMAX Tech MAX version. With the purchase of the TMAX Tech MAX model year 2021 and up, customers will be able to access the "My TMAX Connect" vehicle security service, through a subscription. For more information concerning the subscription, contact your Official Yamaha Dealer.

The My TMAX Connect app is compatible with models of most Android and iOS smartphones and is available for free download in the Play Store (Android) or Apple Store (iOS).

XMAX 300 Tech MAX

€ XXXX,XX

The exclusive XMAX 300 Tech MAX has been developed from the legendary TMAX - it's not a surprise that it's one of the most impressive scooters in its class. With the true unique features of this special edition, you can be truly sharp on the road.

Exclusive Tech MAX features include a special seat, special finished lids, special end grips, aluminium footrests, cool graphics and a chrome speedo ring. And this unique package is completed with a sleek Tech Kamo colour option and smoked tail light.

Its dual LED headlights, aerodynamic bodywork and boomerang side motifs are pure undiluted MAX. Driven by a potent and economical new 300cc Blue Core EURO5-compliant engine and equipped with motorcycle type forks and advanced electronics, the XMAX 300 Tech MAX stands for cutting-edge dynamics and unique sharpness.

Powerful and efficient 300cc Blue Core EURO5 compliant engine

Yamaha's advanced Blue Core technology helps make more power using less fuel. The XMAX 300 Tech MAX engine features optimized valve shapes, a compact combustion chamber and idealized timing – measures that reduce power losses and increase efficiency, giving you better performance and lower fuel bills from this liquid-cooled 300cc engine!

Limited edition, motorcycle performance

This is a very special sport scooter that offers you plenty of style, exclusivity, power and economy. Constructed using Yamaha's legendary MAX DNA and equipped with a range of premium features, the XMAX 300 Tech MAX gives you all the convenience and versatility of a sport scooter together with the performance of a motorcycle.

Exclusive Tech MAX features

As well as its special seat, aluminium footrests and leather interior pads, the XMAX 300 Tech MAX features a range of exclusive parts, including chromed speedo rings, side graphics and a smoked tail light. Finished in Tech Kamo, this dynamic and trendy scooter gets all the attention, just like you.

Storage for 2 full-face helmets and more

The large underseat storage compartment has internal LED lighting and can handle 2 full-face helmets and more – making it a practical and functional daily commuter. Or if you're heading out for some leisure riding it's the perfect place to carry everything from swimming gear to a picnic lunch!

Smart Key system

To make life simpler and more convenient there's a Smart Key keyless ignition system. As long as you're carrying the Smart Key it's possible to turn the XMAX 300 Tech MAX on, unlock the steering and seat, and gain access to the fuel tank and storage compartment. There's also a remote control for locking and locating your scooter with one press of the button.

Traction Control System (TCS)

The XMAX 300 Tech MAX comes with a Traction Control System (TCS) as standard equipment. This advanced electronic system prevents the rear tyre from losing traction by reducing drive to the wheel if the sensors detect any slip – giving confidence and feelings of safety on slippery surfaces.

Smooth and sporty handling

Taking its cue from the high performance TMAX, the XMAX 300 Tech MAX is equipped with motorcycle style telescopic front forks that deliver a comfortable ride with easy steering and agile handling. Giving plenty of front wheel travel, these high-specification forks soak up bumps and give motorcycle levels of handling and stability.

Multi-function instruments

The large multi-function instrument panel emphasizes the scooter's quality and contains a wealth of clearly displayed information. As well as the large analogue speedometer and tachometer, the LCD multi-function display includes a fuel gauge, clock, tripmeter and more – and switching functions is made easy with a handlebar mounted control switch.

XMAX 300

€ XXXX,XX

Built with pure TMAX DNA, the XMAX 300 gives you the style, status and premium quality of a maxi scooter, with the convenience and affordability of a lightweight.

Equipped with motorcycle style forks for increased stability, the compact chassis gives you agile sports handling with business class comfort. And its powerful and economical new Blue Core EURO5-compliant engine has all the performance you need for fast commuting or weekend escapes.

With its new high quality seat and LCD instruments, dynamic bodywork, dual LED front lights and MAX family style, the high-specification Yamaha XMAX 300 sport scooter satisfies your desires and fulfills your needs. Move smart. Move fast. Move MAX.

Powerful and efficient 300cc Blue Core EURO5 compliant engine

Blue Core technology helps make more power using less fuel. So the XMAX 300 engine features optimized valve shapes, a compact combustion chamber and idealized timing. These measures reduce power losses and increase efficiency, giving you better performance and lower fuel bills from this liquid-cooled 300cc engine!

Sporty and dynamic MAX series DNA

When you take a look at the XMAX 300 don't be surprised if it looks familiar - it's been designed using pure TMAX DNA! With its dual LED headlights and aerodynamic cowl through to the boomerang sidepanels, the XMAX 300's sporty and dynamic looks and premium finish can trace their origin back to Yamaha's iconic maxi scooter.

Large underseat storage for 2 full-face helmets and more

The large underseat storage compartment has internal LED lighting and can handle 2 full-face helmets and more - making it a practical and functional daily commuter. Or if you're heading out for some leisure riding it's the perfect place to carry everything from swimming gear to a picnic lunch!

XMAX Accessories

Urban pack 39L

The city is the XMAX's natural habitat and with the Urban Accessories Pack you can take the practicality of your XMAX a notch higher. Besides providing enhanced wind protection from the high screen, the pack also takes care of your luggage needs with a 39L top case and carrier – keeping your belonging safe and secure. And a backrest for the top case makes sure the passenger has an equally comfortable ride. To protect you from the scratches and the scuffs, the city throws up, the pack contains the XMAX scratch protector. Urban Pack Content: High Screen | Rear Carrier | 39L Top Case (incl. Lock Key Set) | Backrest for 39L Top Case | Scratch protector

Also available with a 50L top case

Winter pack

Fend off those nasty winter chills and wet rainy rides with the Winter Accessories Pack. Nothing compares to riding on bright sunny days, but the warmth from the grip heater and the wind & rain protection from the apron can make winter weather conditions a little more bearable and a lot more comfortable. A simple pack for a herculean task. Winter Pack content: Content: Apron | Grip Heater (incl. connector cable and throttle guide kit).

Build your dream collection with the free MyGarage app

The MyGarage app is the best way to build your dream collection of Yamaha motorcycles – and it's totally free and available for both iOS and Android! Download the app and you're ready to start creating your very own personalized Yamaha.

With MyGarage you can add or remove a wide range of Genuine Options accessories and view the bike from any angle.

Once you've created your dream bikes you can save them and share with friends – and when you've made the final decision on which version is right for you, simply send it to your Yamaha dealer who will turn it into reality.

MY GARAGE

BUILDING BIKES TO BELIEVE IN

MyRide: Take your ride to the next level!

Developed exclusively by Yamaha and available free of charge for both iOS and Android, MyRide App allows all riders to enrich their riding experience, no matter what brand of motorcycle or scooter they own.

With Yamaha MyRide app, riders can track and analyze in real time their riding performance like lean angle, acceleration, speed through to elevation and braking force and making every journey even more rewarding.

Furthermore every ride can be shared with other MyRide users or on social media and, the route can be also exported in to GPX format file. In this way motorcyclists can find new routes and adventures to explore as well as connect with a worldwide community of motorcycle passionate.

Be Smart. Keep it Genuine.

To ensure that your Yamaha delivers optimum performance with long-term reliability, we recommend that you always use Yamaha Genuine Parts. Our high-quality spare parts comply with proven safety standards, fit perfectly and have a high resistance to wear - giving you peace of mind.

By using an Official Yamaha Dealer for servicing, you can be sure that all maintenance is carried out by highly skilled Yamaha Technicians using Genuine Parts and Yamalube products.

Our technicians are regularly trained at the Yamaha Technical Academy, giving them the expert knowledge and in-depth experience needed to keep your Yamaha in factory-fresh condition. For more detailed information please consult your local Yamaha dealer or visit our website.

A Liquid Engine Component

At Yamaha we appreciate that our products instill a unique pride of ownership amongst our customers, and in recognition of their loyalty to the brand we have developed the Yamalube range of lubrication and maintenance care products.

Our Yamaha engineers consider oil as a liquid engine component that is one of the most important parts of your Yamaha engine. Choosing Yamalube really does make a difference.

By always using Yamalube you can be sure that your engine has the potential to run at peak performance, and deliver the durability and reliability that you expect from every Yamaha. We also manufacture a range of care products that keep your pride and joy in tip-top conditions. Your local Yamaha dealer can advise you on the best Yamalube product for your Yamaha or visit our website.

Never drink or otherwise consume engine oil.
