

Moisture Extractor

Model: ME – 150

Key Benefits:

- Remove deep imbedded moisture within the premise
- Reduce humidity levels in the environment
- Remove odour within the premise
- Making environment less hospitable to allergens such as dust mites, mold and mildew
- Equip with intelligent control system and timer
- Equip with external drainage pipe for excess water
- Equip with high density filter

Performance

Dehumidification Capacity	: 158 L/D
Operational Temperature	: 5 – 38 Degrees
Humidity Control Range	: 10% - 90%
Refrigerant	: R22 / 1100G
Coverage	: 2500 Sqft
Power	: 2300W

Dimension

Net Weight	: 69kG
Dimension (W*H*D)	: 530 X 672 X 985 mm
Material	: Stainless Steel
